

# Simple Sayings Part 1

- Seriously?
- Never mind, I will just do it
- It's been discussed now you decide
- That's not how it works
- You benefit, so you should participate
- Think for a second, be smart about this
- That makes no sense
- Are you going to keep your agreements or not?
- Let it go for now, but learn a lesson later
- Are you going to do what's right or not?
- It's not fun but it is important
- Do it or don't do it
- Do it now so you don't forget later
- I'm not going to fight to get you to do what is right
- I am not going to argue with a "7 year old"
- Think about this

# Simple Sayings Part 2

- You are making a mistake, please don't make this mistake
- Don't let your feelings fool you
- It's time to... (Instead of I need you to)
- We always do it this way
- It's not an order, it's a reminder
- If you're not going to do this, then what are you going to do?
- Maturity is knowing AND doing what's right
- I've said it once, I'm not going to say it a third time
- Why does it matter?
- You have a point, but it is not THE point
- What's next
- You know what's right, now do what's right
- This is an issue of kindness/helpfulness/maturity
- No worries, we can practice later
